

## Work Experience Certificate

This is to certify that **SKY ENTERPRISES** as a **CCTV Technician/Project Coordinator** from **Sept 2023 to till date**.

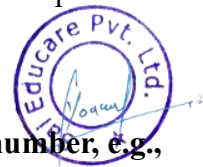

During their tenure of one year **SKY ENTERPRISES** was involved in **HD CCTV installation and maintenance services for high-stakes examination projects**, ensuring the security and transparency of the examination process. Their key roles and responsibilities included:

### **Key Responsibilities:**

1. **HD CCTV Installation:**
  - Deployment of high-definition CCTV cameras at various examination centers.
  - Ensuring proper placement and coverage of cameras to monitor entry and exit points, examination halls, and other sensitive areas.
  - Integration of cameras with DVRs and NVRs for high-quality video recording.
2. **Command Control Room Support:**
  - Assisting in the setup of centralized command centers for real-time monitoring of examination venues.
  - Ensuring seamless live video feed transmission from multiple locations to the control room.
3. **Network and System Configuration:**
  - Laying out structured cabling and configuring secure networks for uninterrupted video surveillance.
  - Ensuring the system's compliance with examination security protocols.
4. **Maintenance and Troubleshooting:**
  - Conducting pre-event checks to verify system readiness before examinations.
  - Providing on-site technical support during examinations to resolve any system malfunctions promptly.
5. **Project Management:**
  - Coordinating with examination authorities and other stakeholders to meet project deadlines and standards.
  - Supervising and training teams for efficient system deployment and operation.

### **Key Achievements:**

- Successfully executed HD CCTV installation across the India [**specific number, e.g., 200+ examination centers**] within the given timeline.
- Contributed to the successful live monitoring and recording of examination sessions, ensuring compliance with examination integrity protocols.
- Played a crucial role in maintaining real-time surveillance during critical events without disruptions.

- SKY ENTERPRISES has been successfully completed SEPL's multiple client (RHB, Indian navy, KPSC, NTA, IIBF, Tezpur University etc.)

**Conclusion:**

**SKY ENTERPRISES** consistently demonstrated excellent technical skills, problem-solving abilities, and professionalism during their tenure. Their contributions significantly enhanced the security and efficiency of the examination process.

We wish **SKY ENTERPRISES** continued success in their future endeavors. For any further details or verification.

Sincerely,

**Yogesh Kumar Saini**  
Chief Operating Officer.  
**Sai Educare Pvt. Ltd.**
